Bill Rose Park To Be Developed As District Play Area

Development of the Bill Rose Memorial playground on property donated by Richard Joseph just west of the Tahoe Forest Hospital was discussed at the meeting of the Truckee Donner Recreation and Park District Thursday night at the County Government Building.

The area has been cleared in preparation for development and work of installing facilities is expected to be started in the spring. It is proposed presently to surface the area with vitabark and install a fence and play ground equipment for the younger children of the community.

A plaque will be installed designating the playground in memory of the young son of Mr. and Mrs. Zeph Rose, who met an accidental tragic death there several years ago, and in appreciation to Joseph for his generous donation of the choice site.

In other action last week, the board heard reports from Dr. H. P. Tapia, district superintendent on the progress being made on the recreation area south of town, the proposed boat ramp at Donner Lake, the basketball league and other activities.

In response to a request from the Outdoor Sportsmen, the board agreed to supply a grill for a barbecue pit on the recreation area with the Sportsmen to provide all other materials and labor.

Henry Schwarz, Robert Decker and Mrs. Patricia Sutton were visitors at the meeting with Charles Spillner presiding.

Donner Hill Climb Receives Sanction Of National Club

The Donner Summit Hill Climb will be held next June 10 and 11 and will be sanctioned by the Sports Car Club of America.

This was announced Friday by James E. Harris, president of the Donner Area Junior Chamber of Commerce, sponsor of the event. Harris said the sanction of the national organization would provide far reaching publicity and will result in only top-notch drivers and the speediest cars being entered.

This fall the first climb was held and attracted a number of prominent, widely known drivers but the event was handicapped when the only storm of the summer occurred during the weekend of the races, resulting in a small turn out of spectators.

As was the case this year, the races will be handled through the Nevada Sports Car Touring Association which is now affiliated with the Sports Car Club. The Nevada group will act as technical advisors, handle the timing and other details of the race.

Only drivers registered with the Sports Car Club will be entered, giving assurance of a thrilling contest, Harris said. Nation-wide publicity will be given the climb through the national group and indications are that the June races will be one of the biggest sporting events ever held here.

Total Of 59 Fires Reported In Year

With the fire season officially closed last Sunday, the Truckee District office of the Tahoe National Forest reported a total of 59 fires during the 1966 season.

Of these, according to Henry Toccalini of the local staff, 44 were man caused, setting a new record for the district, and 15 were caused by lightning.

Despite the large number of fires, only five acres were burned over, the largest being less than half an acre, reflecting the fast and efficient work of the forest service personnel in containing the fires before they had a chance to spread.

According to Toccalini, a veteran at the local office of the service, this season was the worst from a fire index standpoint of any on record. The first fire was recorded in April and every week since that time up until Sunday, the danger has been extreme. At one point the humidity dropped to a low of three, and hot dry days were the rule.

The .42 of an inch of rain and wet snow which fell Sunday officially ended the season and all fire fighting personnel has been dismissed for the year.

Local Voters Give State Winners Big Edge In Balloting

Truckee district voters turned out strong in Tuesdays general election to add their protest to the current state administration and gave Ronald Reagan a vote of 470 to the incumbent, Edmund G. Brown's 270 and followed the trend in the state by recording a heavy republican vote for other officers.

Nearly 80 per cent of the registered voters turned out for a total of 818 in the seven precincts.

In other contests beside the governorship, local voters gave republican Finch 438 votes to incumbent democrat Anderson's 355, for lieutenant governor.

Frank Jordan, a republican incumbent defeated democrat Schlei, 530 to 254 in the secretary of state contest.

Alan Cranston, the incumbent controller, and a democrat, got 449 votes to Flournoy's 337 and Bert Betts won over Ivy Baker Priest for state treasurer 416 to 372. Betts is a democrat.

Another incumbent, Attorney General Lynch outpointed his republican opponent, Williams by a score of 450 to 323.

Paul Leake easily defeated Hummer here for the third district board of equalization seat with a 514 to 258 vote.

The biggest local majority given any candidate went to Harold T. (Bizz) Johnson who polled 618 votes to Richard Romack's 172 to be returned to congress.

Incumbent Steve Teale received 440 votes in the state senate contest to Richard Lyng's 321. Teale is a democrat and Lyng a republican.

Gene Chappie had little trouble defeating Barker to be returned to the state assembly. In the Truckee communities he received 561 votes against 200 for Barker. Chappie is republican.

PROPOSITIONS

On the two most important propositions on the ballot, Truckee district voters again followed the state trend by giving 1A a yes vote of 514 to 160 no.

It was a narrow local margin for No. 16, the yes vote being 341 against 355 no.

First Major Storm Ends Fire Threat In Local District

As a result of Sunday's storm, which left half an inch of precipitation in this area, all lookouts, patrolmen and suppression crews in the Truckee District of the Tahoe National Forest were discharged, ending one of the longest and most dangerous dry seasons on record.

However, the Truckee office of the forest service was busy writing burning permits which are still required by a state law which does not end the fire season until December 1. The forest service cooperates with the state in enforcing state laws.

The storm deposited between eight and ten inches of wet snow on the west side of Donner Summit creating snarls and at times virtually halting traffic, a condition which invariably occurs during the first storm of the season. Scores of cars and trucks were abandoned by their drivers after being stalled along the highway. Service stations were swamped as hundreds of cars backed up awaiting tire chain service.

Although a few flakes of snow fell in the Truckee Donner area, none stayed on the ground and the precipitation here was in the form of cold rain.

The forest service reported that the storm has ended, for the time being at least, all danger of fires following one of the longest and driest seasons on record in this district during which more than 50 fires were started but none of which was allowed to get out of control.

The California Highway Patrol reported no major accidents and only a small number of "fender benders." However, officers were kept busy keeping the unusually heavy traffic moving as novice drivers and cars without chains created a hazard throughout Sunday.

Home Destroyed In Beach Blaze

KINGS BEACH—Fire Chief Curtis Hart blamed the lack of water for the virtual destruction of the home of Mr. and Mrs. Mark Lohr in Kings Beach last Sunday.

The fire, which may have started from a faulty fireplace, gutted the 10-room, two story house and caused damage of more than $10,000. The family was away.

Hart said five units from the Kings Beach Fire Department controlled the blaze in two minutes using water from the trucks. Had the crews been able to hook the hoses to hydrants, Hart said, the flames could have been confined to one room. After the water in the tanks was exhausted they could only stand and watch the building burn, Hart declared.

Voters in the district December 3 will vote on a $510,000 bond issue to improve the water system.

STEP UP ACTION ON DELINQUENT TAXES

Action on delinquent unsecured property taxes has been stepped up with a direct appeal for immediate payment, according to Marcella J. Carson, Nevada County Tax Collector.

The unsecured tax bills are orange in color and were mailed to assessees on August 1st of this year. Delinquent taxpayers as of August 31st have been charged a 6 percent penalty and now have only fifty four days to remit before the tax lien begins to add interest at 1 percent per month.

The appearance marks the third presentation at Kezar Stadium in recent years by the Nevada musicians

Incumbents Win Local Voting For District Positions

Incumbents on both the Tahoe Forest Hospital and Truckee-Donner Recreation and Park District boards of directors faired well in Tuesday's election.

The only change on both boards was Henry Schwarz of Hobart Mills who replaced Charles Osburn, who was not a candidate for reelection on the recreation board.

In the hospital election, the three incumbents, Gordon Moyer with 1432 votes, Joseph Joynt with 1424 and Raymond Hintz with 1113, were reelected, defeating Paul Shively, with 1087 votes and Clinton Patrick Shane who had 893.

Shively's vote in Truckee was 472, with 330 from Tahoe City and 284 from Kings Beach.

Survey By District To Reduce Rates

A house to house survey is currently being conducted in the Truckee Public Utility District for the purpose of determining if a reduction in rates can be justified, particularly in the so-called HC-2 (home combination) classification.

The survey is being made by Barry Leamon, district employe, to learn how many major electrical appliances are being used, their voltage and other details.

Francis Longo, district manager, said the recent improvements and expansion of the district's electrical system will more than take care of the needs of customers for the next ten years and that the survey will reveal the current usage of power and anticipated additional demand in the future.

If the survey reveals the anticipated results a reduction in rates can be made, providing a saving to customers as well as permitting additional use of electricity.

The survey is expected to take at least two weeks to complete.

State Seeking Bids For Highway Work

The California Division of Highways will open bids Dec. 14 on a contract calling for installation of snow fence along Interstate 80 at three locations between Emigrant Gap and the undercrossing to Donner Lake.

Short sections of corrugated metal fence will be installed in the median between the separate roadways to protect both east and westbound lanes from snowdrift.

Letter to the Editor

Dear Sir:

"Woodsman, woodsman, spare that tree" has been the theme of every paper, meeting and conversation I have been a part of this past two weeks. A beautiful theme indeed. No one will deny that. But somehow I question the intentions of those leading this crusade.

I'm aware of the fact that it would take an army to guard Tahoe against he continual destruction, but where were the tree lovers when acres were cleared bare at Comstock Acres; when hundreds of lake front trees were cut to build the Safeway; four acres (with more dying) to build the settling ponds; a beautiful grove destroyed to build a service station; how many trees were cut to build a church parking lot? Let's not forget Fletcher's Field. Did anyone ever count the trees cut to build the Division of Highways State Barns; the neighboring lumber company or the destruction of an entire mountain side across from Spitsen's Lumber yard? How about an entire mountain in the middle of Homewood? Has there been a count of the trees cut to make a new golf course? Let's not overlook the biggest eyesore of all, the removal of trees on the Truckee River that has been replaced by a disgraceful junk yard. How did you tree lovers miss that?

How many of you have walked the new sewer line under construction? I have. On the lake front I found the trees and shrubs neatly tied back with rope to protect them against the onslaught of a small backhoe. I was told that special care was to be taken so that "lake front" property will be left without a scar to mar its beauty or value. How thoughtful of the P.U.D. How I wish that this "lake front" type of thoughtfulness could have continued through my property. Again I ask, where were the tree lovers when a D-8 took my lovely trees, shrubs and ground cover in a 30 foot wide area through my back yard? An area the P.U.D. had promised to protect.

Progress will come and in time maybe we can learn to live with it. I do not condemn the above mentioned areas. They are a part of progress.

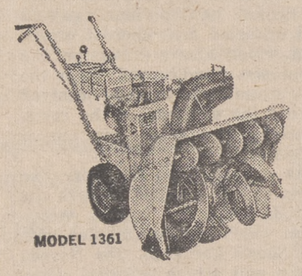

Love of Tahoe can only be taught to children through example of their parents and the city officials — I'm certain that my children must picture a city official with a sign stating "Keep the High School Green" on his right and a D-8 on his left.

Our Tahoe Lake School is already bursting at the seams. With the addition of more subdivisions (there is one going in above the water tanks) we will be on double sessions in less than two years. Are we going to let our children pay the price?

When this happens perhaps even you will question the intentions of this vigilante of the forest.

Sincerely
Mrs. Pauline Keehn

LAKE ECHOES

BY BETHEL

Winter arrived to the Sierra country Sunday with the first snow fall. A mantle of white covered Mt. Rose and the higher mountains with flurries at the lower altitudes. Undoubtedly the ski resorts will be happy to see the snow as it means an early season for skiiers.

Jetta Steward reports in on her trip to South Dakota where she had a rewarding week with her mother and relatives. Friends will be happy to know she is happily situated for the winter in Las Vegas.

The Republican Women's Club Crystal Bay and Incline Village held an election return watch at the Lake Tahoe Hotel, with cocktails, buffet dinner, under the direction of Dorothea Lahmeyer and president Joyce Anderson. As this is written before election and since our crystal ball refuses to work, it is not possible to report whether it was an evening of glory or gory for those attending.

• • •

Among those attending a cocktail party at the Charles Steen home in Reno Friday night were Bill and Joyce Anderson, Bill and Vivian Kisiluk, Millie Adams, Barbara Mullard, Frances and Paula Gurney, Gary and Lorraine Fadda, Jim and Ann Mulhagen, Art and Gwen Wood, Jack and Velda Farris, Jack and Darlyn Knorpp, all of Incline Village.

NEW ASSESSMENT LAW BECOMES EFFECTIVE

SACRAMENTO — (CNS) — The massive property, assessment reform law took effect, aimed primarily at preventing any further assessor scandals and giving the taxpayer more information.

The law was approved by the 1966 legislature. The state board of equalization, which was given the primary responsbility for carrying out the changes, has drafted procedures for rules and regulations.

Some of the major changes provided in the new law are:

1. Assessors may not hold other county offices, nor can the assessor or his staff hold outside jobs which conflict with their official duties.

2. Appraisers in the assessors' offices will be certified for their jobs by the state board of equalization and must attend 24 hours of training each year ,sponsored by the board.

3. Assessors' records are now open to law enforcement agencies conducting a proper investigation. Conversely, the assessor may subpena a taxpayer's records if necessary and fine those who refuse specific information.

4. Every firm with movable property worth $50,000 or more must have its accounting records checked against its property statements at least once every four years.

5. The state board must check each assessor's office at least once in every six years to measure its procedures and equalization of assessments.

6. The board is required to prescribe uniform property tax forms for all of the counties.

7. Each assessor must announce an assessment level between 20 and 25 per cent of market value until 1971. From 1971 on, all must assess property at 25 per cent of market value.

8. The time to appeal an assessment has been extended from two weeks to almost two months — from the third Monday in July to Sept. 15 in all counties except Los Angeles, where it will end on the fourth Monday in September.

But she doesn't know it. Sue's a good driver. And that's the trouble. You've come to trust her over the years . . . but really, you can't. Because even the best drivers end up in some of the worst accidents.
Drive defensively, and you won't end up on the receiving end of some other driver's mistake or sudden move. At intersections, never assume the right-of-way. Make defensive driving pay off by practicing it every second of every minute you're behind the wheel. It takes extra effort—but that extra effort's worth it.
The forty-nine thousand people who died on our highways last year would be the first to agree. If they could.
Watch out for the other guy!

50 YEARS AGO

November 2, 1916

Last Friday morning Samuel Parker, one of Truckee's oldest residents, passed away from old age. Services were conducted by Dr. G. F. Kelley, W. M. of Truckee Lodge No. 200, F&AM. He is survived by his son, William Parker.

Joseph Joerger was in town a few days this week and made the final shipment of his cattle Wednesday.

Commencing the first of the month practically all the restaurants and eating houses in town have raised prices of meals on account of the advance in foodstuffs.

Local election officers for the November 7, 1916 election were: Truckee No. 1 (School House) J. C. Titus, Francis Finnegan, Maude E. Denney, Frank F. Kearney, H. C. Lichtenberger, B. A. Cassidy; Truckee No. 2 (Hose House) W. A. Brickman, Frank B. Tong, Dan Mc Phetters, Charles B. White, John Lyons, John H. Nichols.

The Truckee Jewelry Store, S. E. Edises, proprietor, advertised that with every purchase of $20 or more customers would be able to pick the winners for President between Wilson and Hughes. Those whose judgment proved correct would be presented with $5 in gold coin.

LOADING UP . . . The second of two big helicopters is put aboard an airfreighter at Ft. Worth, Texas. A little over ten hours later the helicopters were unloaded at Munich, Germany.

The local Campfire Girls have reactivated their troop and new members are Billy and Nevada Anderson, June McCallen, Barbara Seabridge, Marjorie Parr and Azad Joseph.

Deputy Sheriff Tom Dolley reports that thieves hid themselves in the Truckee Meat Market and after the store was closed escaped with three sides of bacon and a ham. It was the first burglary reported here for many months.

Mr. and Mrs. Carl Bechdolt of Tahoe City have left for San Francisco where they will attend the opening of the new bay bridge.

The state division of highways is calling for bids for paving Highway 40 from half a mile west of Soda Springs to Donner Summit.

The state department of motor vehicles reports it is operating cars for an average of .0227 cents a mile including original cost, trade in credit, repair and maintenance.

R. Joseph, accompanied by his daughter, Yvonne and his sister, Mrs. Roxie Archie, left today for a motor trip to Salt Lake City, Boulder Dam and other points of interest.

All roads around Lake Tahoe are still open and clear with only a few patches of snow which fell last week on the ground.

Mr. and Mrs. F. A. Kilner returned Saturday from a 3,000-mile motor trip through British Columbia.

The level of Lake Tahoe November 3 was 6226.85 with four gates open. Three days of rain left .85 inches of precipitation, resulting in a slight rise in the lake.

The weekly meeting of the Truckee Library Committee will be featured by a report from Mrs. Irene Englehart who made a trip to Nevada City to discuss problems facing the group.

Show to Change Monday at Lodge

CRYSTAL BAY — It's been a busy one-week stint at North Lake Tahoe's Nevada Lodge for the tunefully talented Esquires Trio — a too-short week, as far as Topaz Room audiences are concerned. The Esquires close Monday night. They are perennially popular at Nevada Lodge. Polished perfectionists whose smooth music is complimented by wit and comedy of an unusually high level.

Also performing for their final weekend of a three-week booking, are the Diplomats, the six-man musical group which has gained loyal followings on the Reno-Tahoe-Vegas circuit. The Diplomats also close Monday night. Their twenty-year show business career includes network radio and nineteen motion pictures.

Both groups appear nightly in the Topaz Room of Nevada Lodge, North Lake Tahoe's largest year 'round resort hotel casino. Opening next week are the Senators — a spectacular five man group of calypso artists. Sharing the spotlight with them will be the wild duo of Nada and Nano.

DONNER DOINGS

By Mrs. Carson "Vi" White

CHAINS ARE REQUIRED OVER DONNER SUMMIT! That was the report Sunday that caught many tourists unprepared. It was a cold dreary day with rain, sleet and snow coming down most of the time all whipped by a strong wind.

The west end of the lake was jammed with cars waiting to get chains put on, just like the ole days when the main road was along the lake, but this time they were backed up the access road. All gas stations were flooded by stranded people waiting to buy and have chains put on. Cars and trucks were backed up at the checking station too.

Now that it's clear, the fresh snow does look beautiful, but it's too early to expect to ski, there just isn't enough yet.

* * *

Received a card from Marcella Corro and Georgiana King who are having a great time over on the Hawaiian Islands. They write that its been raining there, but things are so green and lush. Won't they be surprised to find snow when they return.

The ski show at the Mansion Inn Saturday was a great success. This was the fourth year that the Goodwin and Cole sport shop in Sacramento have sponsored the affair.

A small ski hill constructed over the swimming pool served to show various ski techniques. Professional ski racer, Pepi Gramshammer of Vail, Colorado showed his expert form on "Mt. Mansion".

The luncheon fashion show narrated by Marie Stuber of San Francisco kept the clothes minded skiers drooling. We can expect to see some colorful outfits on the slopes this year, and of course the apri-ski fashions are out of this world.

A cocktail party given by the sport shop and the Mansion Inn was held the evening before in honor of Stan Walton of Sacramento who is president of the Far West Ski Association.

Attending the affair were many from our area who are representing ski resorts and expecting a big season. There were the Reams and Hendrickson's from Soda Springs; the Saylor's from Donner Ski Area; the Schwartz' from Sugar Bowl; the Foeger's from Incline Village; the White's from Squaw Valley (Carson is handling Public Relations there this year); the Schutt's from Alpine Meadows; Sandy Poulsen from Papoose ski hill in Squaw Valley and Jay Price from Boreal Ridge to name a few.

This is the weekend for Ski Swaps, one in San Francisco put on by the Alpineer's one in Sacramento by Vorlage Ski Club, one in Reno by the Reno ski club and the big one here both Saturday and Sunday at Alpine Meadows sponsored by that lively group, the Tahoe Community Nursery School.

At Alpine, there will be grab bags, beer, wine, cheese fondue and of course the hundreds of items that skiers can use. See you there!

Golly, are we glad that we decided to take our Sierra tour last week. We drove along the west side of Tahoe on highway 89, then over beautiful Luther Pass, 7740 feet, then above timberline at Monitor Pass, 8200 feet, down 395 to Lee Vining then up over Tioga Pass, 9941 feet into Yosemite.

A lovely trip just full of colors. Yosemite falls was completely dry however after the dryest summer in 25 years.

The new Big Oak Flat road was just opened, so we took it and then visited friends in Sonora. The new route takes you away from the Cliff House that was so famous and some of the summer camps, but it is less curvy.

Incidentally, the new Tioga Pass road is great and reminds us of the old summit road over Donner Pass. There are many scenic turnouts now that give the traveler a chance to rest and view the marvelous peaks of Yosemite and the high sierra.

A 25th Anniversary Salute

to the 500,000 star-spangled Americans who work for this country's security without pay

The U. S. Treasury Department sells about $4½ billion worth of Savings Bonds every year.

Yet no one ever tries to sell you Bonds on the phone.

Though you rarely see them, there are about ½ million patriotic Americans who will help you buy Bonds. Have been, since the first Series E Savings Bond was issued 25 years ago.

Your banker, for instance. He'll give you folders and facts, issue your Bonds, make certain they're properly registered, cash them when the time comes.

Your employer and thousands of other employers who have set up the Payroll Savings Plan are also on the team. So are the officials of your union who have endorsed Bonds.

There are many others. Like your neighbor, the advertising man, and the radio, TV, poster, magazine and newspaper people he works with.

All of these volunteers work for the Bond program without pay.

You can do your part, too. Buy U. S. Savings Bonds.

Karen Walker Wed To Terry McCranie In Church Service

Karen Aline Walker became the bride of Terrance Shaw McCranie at a double ring ceremony, with Reverend William Marx officiating at the religious rite in the Church of the Mountains at two o'clock on Sunday, November sixth.

The bride, daughter of Mr. and Mrs. James E. Walker of Truckee was accompanied to the altar by her father who gave her in marriage. Her floor length gown was of lace applique over net and silk organza, styled with a bateau neckline, fitted bodice and controlled A line skirt, with a court train. The back and wrist length sleeves were highlighted by tiny silk covered buttons. The shoulder length illusion veil was secured by a lace and pearl crown and she carried her Rainbow Bible which was accented with streamers of stephanotis and a white orchid.

Mrs. David Watts of Truckee served as matron of honor and Laurel Mason of Auburn was the bride's maid. Their empire floor length gowns were of pink brocaded satin and they carried bouquets of pink rose buds and white carnations.

The bride's mother chose a royal blue knit ensemble with matching accessories and a corsage of white butterfly orchids.

The bridegroom is the son of Mr. and Mrs. Murray S. McCranie of Norman Park, Georgia and recently received his discharge, a sergeant in the U.S. Air Force. Sgt. James Ranson, also of the U.S.A.F. performed the duties of best man when Ira Powers, also a close friend of McCranie was unable to attend the service, due to the sudden snow storm occurring while the latter was enroute from Mather Field in Sacramento.

The altar was decorated with baskets of white gladiolus and greenery.

Wayne Philippi was the organist, playing both the processional and recessional music.

Ushers were Terry Walker and Ronald Walker, brothers of the bride.

Attending the guest book was Kathy Braasch. Wedding gifts were received and opened by Diana Walker, sister-in-law of the bride and was assisted by Joyce Randall and Anne Morey.

The reception was held in the home of the bride's parents. The table was centered with a 5 tier white heart shaped cake decorated with silver bells and leaves and white carnations, topped with the traditional bride and groom. Silver candelabra were placed on each side, with the punch bowl.

Mrs. Leon Lucchesi and Miss Merrilie Witham served the guests punch and cake.

Before changing to her traveling clothes the bride tossed her bouquet from the top of the stairway and it was caught by Laurel Mason. The groom removed his wife's blue garter and it was caught by Bernard Wright of Lakeport.

The couple will honeymoon enroute to Adel, Georgia where they will make their future home. They plan to stop in Dallas, Texas for a reunion with the Walker family.

Out of town guests were Mr. and Mrs. T. R. Walker and son of Roseville, Mr. and Mrs. B. F. Pool, Etna, grandfather of the bride, Sgt. and Mrs. James E. Ranson and children, Mather A.F.B., Mr. and Mrs. Harry Chandler, Newark, Mrs. Ralph Lykings, San Francisco, Mr. and Mrs. Robert Leamon and Marcia of West Sacramento, Mr. and Mrs. M. F.
